**DETAILED ACTION**

***Claim Rejections - 35 USC § 102***

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless -

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1-8 are rejected under 35 U.S.C. 102(b) as anticipated by or, in the alternative, under 35 U.S.C. 103(a) as obvious over Okamoto et al. JP 2002-350413.

Okamoto discloses a separating agent comprising a polysaccharide and an porous carrier having chemically bonded epoxy and hydroxyl groups (see [0044]).

Claims 1-8 are rejected under 35 U.S.C. 102(b) as anticipated by or, in the alternative, under 35 U.S.C. 103(a) as obvious over Onishi JP 11-255671.

Onishi discloses a separating agent comprising a polysaccharide and an porous carrier having chemically bonded epoxy and hydroxyl groups (see ([0013])).

***Response to Arguments***

Applicant's arguments filed 3/5/09 have been fully considered but they are not persuasive.

It is argued that the Okamoto et al. reference... the column. This is not persuasive because the reference discloses an epoxy type structure (see [0044]).

It is argued that the Ohnishi reference... optical isomers. This is not persuasive because Onishi discloses a separating agent comprising a polysaccharide and an porous carrier having chemically bonded epoxy and hydroxyl groups (see ([0013])).

#### **Conclusion**

**THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
